The Agenda & Actions of the Abortion Death Culture:

1. **AG Merrick Garland & the DOJ** have created a “**Reproductive Rights Task Force**” to monitor and evaluate ...restrictions on abortion access and “to protect abortion access”. July 2022
2. **Congresswoman Elizabeth Warren** has called Congress to **SHUT DOWN** Crisis Pregnancy Centers. She says, “they torture pregnant women” -July 2022
3. **National #fakeclinic campaign-July/August -BIGGY**
This is a campaign of slander, lies and #FAKECLINIC campaign with maps all over the Nation identifying “FAKEclinics” and an to blacklist Pregnancy Centers. This is part of HF289/SF336 reasoning stating that these “fake clinics” spread misinformation, encouraging pregnant people not to obtain abortion care. *Elevier does not accept government funding.*
